NEW SERIES: VOLUME 10; No. 21

BARBOURVILLE, KY., FRIDAY, MARCH 26, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

CO. BOARD OF HEALTH TO SUE NEGLIGENT PROPERTY OWNERS

Sewers Are Discharging Fifth Below
and in Public Square and at Jail

There is a shocking condition existing right in the Public Square, just back of the Harris Restaurant, where a sewer has burst and is discharging out onto the ground.

Other sewers below the old Hignite property are burst or are carried just beyond the yard in which the barn stands and Dr. G. H. Albright, who made an inspection Monday morning states that some of the sewage is not even connected with this line that runs beyond the yard but is dumped in the yard.

This is one nest of sewage, flies will be here in a short time and those who have to live or work in the center of it are exposed to typhoid or other filth diseases.

Positively, Dr. Albright says, the County and others concerned will have warrants served on them April 10th. He is tired of being ignored.

The proper method would be to connect the jail with a sewer to the creek below and make it large enough to permit the homes on Pitzer, lower Main and the west side of the Public Square to tie on to it charging the property owners up with the proportionate cost.

Anyway, whether owner or renter warrants will be served April 10th. Pest holes are uncivilized.

GRAY'S SCHOOL

GRADUATES EIGHT

County Superintendent of Schools E. B. Hemphill, was at Grays March 20th where he attended the issuing of eight diplomas to the 8th grade graduating class. There were present about 125 pupils besides the Board of Education of the school and many citizens. They have had quite a successful term at Grays this year under the supervision of Prof. A. J. Walker.

SOLDIER'S EQUIPMENT

Applications from discharged soldiers for equipment should be made to the Camp Supply Officer, Camp Knox or Camp Zachary Taylor, Ky. Original discharge certificates should accompany the application and affidavit acknowledged before any civil or military officer empowered to administer oaths.

Blank application forms will be sent on application to the Camp Supply Officer, Camp Knox.

The death of Mrs. Nelson Smith, of Fount, a niece of Mr. C. C. Smith occurred at the family home Monday, interment being on Tuesday. A husband and eight children survive.

Mountain Advocate \$1.50 per year.

CAME TO KNOX COUNTY WENT AWAY WITHOUT ANY

A. S. Chapin, specialist in poultry for the Extension Department, Lexington, Ky., was here last week hunting settings of White Plymouth Rock eggs, offering \$6.00 per hundred, but was unable to secure any. He said he can sell 40,000 to 50,000 from this County this year, but they cannot be secured. There is a tremendous demand for these eggs and will be for the next ten years.

Why not start a White Plymouth Rock Association? Ten or fifteen owners of White Plymouth Rocks can start such an association. The Advocate will be pleased to print the names and turn them over to W. M. Tye, County Agent.

LOGGING CONTRACT

B. P. Allen, of Laurel County, has taken a \$1,000 logging contract for the North Jellico Coal Co. at Wilton and is making preparations to move to Wilton.

Mr. Allen has been in the logging business for several years. He has several teams of mules and four yoke of cattle and will furnish lots of employment for working men. It will be an all summer job. Mr. Allen came from Clay County where he was sheriff for four years. He later bought property in the south end of that County and has resided there for the last eight years. He will now make his home at Wilton. Mr. Allen is a well known man and of good reputation.

James Farrell, Wilton, Ky.

DOING WELL IN IDAHO

Mr. W. M. Parker, of Santa, Idaho who is visiting relatives here, is in receipt of a letter from his family stating that they have just sold eight chickens for \$1.50 each and they have eighty more for sale.

The Parker ranch, which is 2,300 feet above sea level and adjoining the forest reserve, has 120 acres under cultivation, most of it in timothy grass, the hay of which sells for \$80 per ton. They raise cattle, horses and sheep. Land sells from \$20 to \$40 per acre. This has been quite a severe winter, the thermometer registering 20 below zero, the usually it runs much higher. As the ranch is in the highlands irrigation is not necessary.

TO MY FRIENDS

If you have a cow with milk fever or otherwise sick, I will gladly give aid when I can, free of charge. I have been a dairyman for several years and have a complete outfit and am acquainted with the various diseases peculiar to cows.

J. H. Turner.

MOUNTAIN ADVOCATE FINDS ADVERTISING GROWING

From being absolutely the worst town in the United States, from a local advertising standpoint, we are glad to record that we are passing into a better day. The two Banks have stood loyally by the home paper in the past and have pointed the way, but, apart from these, for the first few months of our ownership of the Advocate, \$5.00 a month was a big total for all merchants to spend.—not one but all of them, in letting people know they were merchants.

Now, however, we are beginning to carry local advertising. Some are just feeling to see how cold the water is, while others have jumped right in and pronounce it fine.

We believe we are about to begin some real advertising, not spasmodically, once a year or every six months, but weekly.

Coffie Franklin tried it out with his phonographs and found it so good that he is continuing his advertising for the drygoods firm of Franklin and Cannon.

J. Effron, eye-sight specialist, has taken advantage of newspaper space to tell people about their eyes.

C. Dickinson & Co. are talking Real Estate and Insurance and have been for months.

Dan Herndon, of the Herndon Drug Store, has signed up for weekly advertising.

Bart S. Reid, as a newcomer, jumped right in with Insurance and Real Estate as his motif.

Dr. A. L. Parker lets people know about his X-Ray Machine for Dental Examination.

The Sanitary Grocery will put on a weekly advertising campaign.

The New York Store, which has advertised once in a while expects to use regular space.

The Cut Rate Drug Co. got into the game in good shape right away.

Charlie Cole promises advertising for the new Dixie Wholesale Company.

J. L. Stanfill has hit the ball a few times already.

Miss Laura Hayes has been a patron for her specials.

Father England drops into prose in praise of his goods every week or two.

The Davis Wholesale Grocery expects to advertise regularly.

The Model Bakery is advertising its excellent bread.

We understand from the Goodrich Tire Company's representative that the Parrott Garage will do some supplementary advertising as soon as they get their highly specialized copy.

In this connection it is interesting to note that, whereas ten years ago the Goodrich Tire Company was among the smallest of 200 Tire and Rubber Producing Companies in the world, today it tops the list both as to manufacture and advertising. The Company claims this condition is due to advertising and its methods of distributing its products.

This is the day for pep and the firm that hopes to sell goods must act on the principle that to keep hammering away with advertising beats a big hurrah once or twice a year, with silence the rest of the time. That is the method which leads to the mail order route, the curse of the small town merchant.

The ice is broken and we believe the newer ideas will prevail from now on. As the Goodrich representative remarked "If it didn't pay us we should certainly not advertise."

As a matter of fact the Advocate has got along without local advertising, but it has always felt ashamed that it has had to go out to a long list of Ex-Knox Countians who live where merchants advertise, bearing the same old brand of hopelessness form a home advertising standpoint—a kind of vote of no confidence.

We have been with you for over thirteen months and in spite of many discouragements, we have given a good, live paper which is being talked about from Wilton to the Clay County line and we are glad to report that not only is our home advertising increasing, but friends in town and country are ordering the Advocate and are paying for it. Fact is, they don't get it unless they do pay. A newspaper that is fit only to give away is not a newspaper, tho it may make good wall paper.

The Advocate stands for the up-building of Knox County. It has tried and will continue to try for the development of an agricultural condition which will mean many

thousands of dollars to our merchants.

It stands for good roads, good schools, the growth of our colleges and everything else which will make for a better town and county. And, if it does this, the business men of Barbourville should give it not only moral but financial support.

There is more optimism and pep in our town by a hundred per cent than there has ever been and we believe that the Advocate has had some share in bringing about this condition.

Let's all pull together—each for all. We have pulled singly too long.

TIRE SERVICE

Experts estimate that nearly 50 per cent of all automobile tires manufactured are discarded before they have delivered maximum mileage because of the neglect and ignorance of motorists. Underinflation, wheels out of alignment and other abuses cause damage that could easily be fixed if cared for at the time incurred. Maximum mileage is built into tires and will be delivered if motorists learn conservation from booklets being issued by most manufacturers. To show what mileage can be delivered under proper care, J. M. Benish of Orchard-Wilhelm Co., Omaha, Neb., writes that the company bought a pneumatically equipped two-ton truck two years ago and that the Goodyear cords ran 10,000 miles on the original tread and 6,700 miles more after being retreaded. They are still in service over bad roads and are cushioning the truck so efficiently that repair bills are practically negligible.

CARD OF THANKS

I wish to express my appreciation to my friends and neighbors for their kindness and sympathy in the illness and death of my beloved wife I am especially grateful to Brother R. L. Creal for his consoling words and to the Women's Missionary Union for many acts of friendship.

J. F. Hughes.

IMPORTANT DEMONSTRATION

J. M. Feltner, of the Extension Department, was here last week and with W. M. Tye and Earl Mayhew, went out to Prof. W. W. Evans farm which lies between the Dixie Highway and the L. & N. Railroad, two miles to the north of Barbourville, where a small experiment station has been established.

Four acres have been set aside and these have been divided into plots of one-tenth of an acre. This is bottom land and will be set in a four years rotation of corn, soy beans, turf oats and red clover.

In the four years rotation there will be four series of four plots each so that a crop of corn, soy beans, oats and clover will be harvested annually. Corn and fodder will be weighed separately and a careful tabulation made of the result.

Each series will have four plots, one of which will have no treatment one will have limestone alone at the rate of four tons per acre, one plot will have acid phosphate at the rate of 800 pounds per acre and the fourth plot will have limestone at the rate of four tons per acre and acid phosphate 800 pounds per acre.

These plots will receive no further treatment during the four years rotation.

There will be one block of four plots devoted to growing sweet clover. The first plot will get no treatment, the second plot will get 500 pounds of limestone per acre, the third plot 1,000 pounds of limestone per acre and the fourth plot at the rate of one ton of limestone per acre.

All soy beans and clover will be inoculated with nitrogen fixing bacteria.

Another plot will be devoted to demonstrations in pasture grasses.

The cost of these demonstrations will be borne by the National Bank of John A. Black and the First National Bank, both of which have the agricultural development of the County at heart.

It will give the Mountain Advocate pleasure to announce the result of these demonstrations, which will show the difference between crops grown with the elements mentioned and without.

Chas. W. Snyder and W. M. Proffitt, of Woodbine, and Lee Helton, of Indian Creek, have joined the Mountain Advocate family.

BIG PROFIT IN MILK AND BUTTER

Small Investment Brings Big Return

—Mr. Weaver's Plan is Simple.
"I bought a package of Dr. LeGear's Stock Powders from my local dealer and after feeding it to my Jersey Cow, she increased from 6 quarts to 12 quarts of milk per day and after continuing the Powders for 30 days longer, she increased in butter fat from 5 pounds to 10 pounds per week, and at the end of 5 months she was making 12 pounds of butter fat per week." —L. B. Weaver, Grand Rapids, Mich. Adv.

Mr. Weaver followed the advice of Dr. LeGear, and is money ahead. You can get the same results. Get Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs and sheep as directed. Satisfaction or money back. —Dr. L. D. LeGear Med. Co., St. Louis, Mo. (Advertisement)

WILL REVISE REVENUE POLICY

Washington, March 24.—It is understood that Republican leaders in Congress have determined upon a tentative financial policy, which will be developed as soon as the peace treaty and some other pressing matters have been disposed of. Senator James E. Watson, of Indiana, who has been in immediate charge of tariff and financial legislation since Chairman Penrose of the finance Committee was incapacitated on account of health, says that the elimination of excess profits taxes will be the first subject considered. To take the place of the revenue that would be lost by repeal of that tax it is proposed to work out a system of direct sales taxes, which will require study before it can be put in the form of a bill ready for passage.

HARRIS-FAULKNER

Mrs. V. C. McDonald, of this city, has just received information that her brother, J. C. Faulkner, was married on March 20, 1920, at Richmond, Ky., to Miss Ethel Harris, of Berea, Ky. Miss Harris is a very attractive young lady and was popular among the younger people of Berea. Mr. Faulkner will be remembered by the people of Barbourville as he was raised in Knox County and has lived in Barbourville and was at one time in the meat and grocery business. After their marriage the young couple went to Cincinnati where Mr. Faulkner is employed as a salesman for the Procter & Gamble Co. They have the best wishes of the people of this city for a long and happy married life.

BOND SALE

The sale of \$10,000 School Bonds to be sold to the highest and best bidder. Bids will be received in the Secretary's office up to and including April 24th, 1920. The Board reserves the right to reject any or all bids.

F. W. SCENT, Secretary. 20-5t

Subscribe for the Advocate.

HOW MANY KN

According to the census there were 2,771 farms in Knox County. The potential earning power of these farms is tremendous. It should be a matter of interest to our town people to get behind every good move for the latest methods in their development and especially among the young people of the County. It should be a matter of self interest to help with the problem of bad roads, one of the greatest drawbacks to farming in this section and in the present condition of the County exchequer, one of the hardest to solve. It is certain that with the small income received at present, not much can be done. However, Judge J. D. Tuggle, who has been in the unenviable position of a man without funds, should the Federal authorities take over the maintenance of the highway, a start toward improved roads will be made. It is easy to cuss the Fiscal Court, but it is not so easy to map out a plan by which they can build good roads over the County. It is going to cost money and lots of it. We believe that however much it may cost, it will be cheap at the price. It may be, that like Galveston during the seawall period, we can get the Legislature to pass special laws to enable us to build roads.

This we do not know but it is worth thinking about. Should such a scheme be possible, the building of the roads should be put into the hands of the State that the work might be removed from the atmosphere of petty jealousy. Our farmers are paying for the bad roads with their lives, their own and their loved ones, and we believe they would welcome some scheme that would give them good roads and at the same time assure them that the work had been lifted out of the atmosphere of local squabbling for precedence.

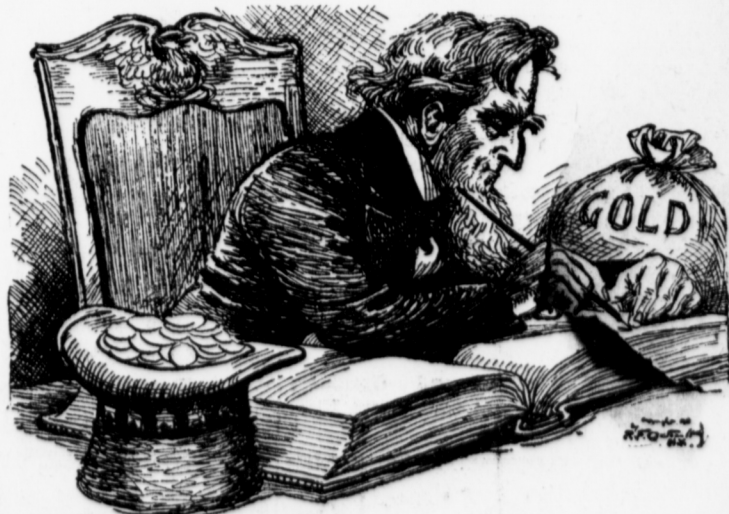

Every bad road is a life taker. Let's scotch them!

HICKORY MILL BUYS TRUCK

T. W. Minton & Son of the Hickory Mill have purchased a Duplex 4 wheel drive, 3 1-2 ton truck from the Duplex Truck Co., Lansing, Mich with which to haul hickory logs. The machine will be used for log hauling in Kentucky, Tennessee or Virginia, wherever needed. The truck will carry sixteen foot logs and is equipped with an apparatus for lifting the logs on to the bed of the truck. The apparatus in question is placed well back under the seat, so that when the logs are put in place the weight is evenly divided on the four wheels. Log yards will be opened at various places around Barbourville and thus save team hauling into town from what would seem to be prohibitive distances.

T. W. Minton & Son have accepted the agency for this style of truck which may be bought from two tons up.

Mrs. G. M. Richards, Mrs. Elbert Smith and Mrs. Ben Herndon are making Knoxville happy by visiting there this week.

CLUB ANNOUNCEMENT

The Women's Study Club will
 meet with Miss Emma Morris on
 Wednesday afternoon, March 30th.
 Jarvis as chairman of the
 subject of the day. The subjects
 for discussion are—The Beauty
 of Harmony; The Art of the Plan-
 ist; Russian Music and its Develop-
 ment; The Poles in Music.
 Mrs. J. A. McDermott, Chairman of
 Press Committee.

EASTER

The greatest event that stands
 out against the somber background
 of history is the Resurrection which
 we celebrate at Easter. It is the
 flaming, white beacon of hope which
 threw its beams into the darkness of
 the tomb and showed it to be empty.
 Later, the Ascension pointed the
 road to the life beyond, but the
 event which has most appealed to
 the imagination of finite humanity
 was the triumph of the Spirit over
 the flesh as shown to us in the act
 of the Saviour when He rose from
 the tomb.

O. G. CATRON HERE

O. G. Catron, of Middlesboro, is
 in town to unload a couple of car-
 loads of Buick autos and to get lined
 up for the summer business. He
 expects to be in Barbourville quite
 often during the summer months in
 the interests of his business. Mr.
 Catron says the Dixie Highway will
 mean one of the greatest things pos-
 sible to the Mountain people not
 only on account of the money it will
 bring in, but also for the influence
 it will have on the rest of the roads
 of this section. He has enrolled as
 a member of our Business Men's
 organization, now in process of form-
 ation. Mr. Catron says such an or-
 ganization is the only salvation of
 a town from a business standpoint.
 While competition is the life of
 business, organization sustains it.
 He says the people should patron-
 ize the home merchants in every re-
 spect. They pay their taxes for the
 welfare of the people, schools and
 home comforts. The big mail or-
 der people are swamping the coun-
 try thru the negligence of the busi-
 ness people to advertise and use
 their home paper so that the people
 may know they can buy just as
 cheap an article from their local mer-
 chants and get a better quality than
 they can from the mail order house.
 So why should not the merchants
 boost the home paper? It is their
 best medium for publicity. He is
 glad to see that a number of our
 merchants are alive to this fact.

Clarence G. Sproule, who has a
 couple of oil rigs at Beattyville, is
 also drilling in Estill County for
 himself. George Burton Cheney, of
 New York, is now associated with
 Mr. Sproule. They have organized
 a \$500,000 stock company and will
 drill on the Jonathan Hall and Jno.
 W. Rogers' properties in Estill
 County. They are surrounded by
 oil and have five offset wells. Mr.
 Sproule is delighted with our new
 streets.

W. M. Bingham and daughter,
 Miss Effie, were in town from Him-
 may on Tuesday.

Cut Rate Drug Co.
 Successors to
 Herndon & Payne, Barbourville, Ky.

**TO BOY AND GIRL STRAW-
 BERRY CLUB MEMBERS**
 The list of boys and girls having
 asked to have strawberries sent to
 them is now closed and the plants
 have been ordered. These will go
 to the individual boy or girl or to
 the father of the family according
 as the name was turned in. The Ad-
 vocate will later send a printed form
 asking how many of the plants lived
 and the number of runner plants se-
 cured. Also the increase in acreage
 next year and how many were dis-
 tributed to others and their names.
 We want to keep track of the work.
 Next year, thru the kindness of Boy
 and Girl Agent, Mr. J. M. Feltner
 and Mr. Earl Mayhew, we hope to
 distribute a large number of grape
 vines to the boys and girls.

ARTEMUS NEWS

Misses Nettie Webb, Audrey Holli-
 field and Lucile Rains were in Bar-
 bourville Saturday.
 Everybody is plowing gardens and
 fields getting ready for the coming
 season.
 Miss Partin, of Bennettsville, was
 in town Saturday.
 Alex Cox, of Grays, has moved to
 our town.
 Clay McFarland, of Wheeler, was
 in town Saturday night visiting.

 ber Co., stayed over night in our
 town Saturday enroute to the mill
 on Poplar Creek.
 The miners are not getting much
 work on account of shortage of cars.
 Mr. and Mrs. W. E. Price, of
 Harlan, came down Sunday to visit
 Wm. McStewart, father of the latter
 who has been sick for several weeks.
 Everybody is rigging up their fish-
 ing poles for a fight against the
 H. C. L.

HUCKLEBERRY FINN.

**CLASH BETWEEN
 GUARDS AND MINERS**

It is reported that three men were
 killed and three others seriously
 wounded in Harlan County on Sat-
 urday afternoon when the miners
 and Baldwin Guards clashed. It
 seems that the guards have been
 brought in by the operators to pro-
 tect their property in anticipation of
 the threatened strike on April 1st
 and the ill feeling toward them cul-
 minated when Hall, of the guards,
 is said to have slapped a son of
 Taylor, one of the miners, and when
 Taylor protested Hall is said to
 have drawn a revolver precipitating
 the trouble and many shots were
 fired. The miners searched the
 houses all day Sunday but it seems
 that all the guards have been sent
 quietly away as none could be found.

Wanted Representative

To call each week on the retail grocery trade in

MISS LAURA HAYES

**Well-Known
 Kentucky Mothers**

Louisville, Ky.—"It is a pleasure to me
 to send this testimonial of what Dr. Pierce's
 Favorite Prescription has done for me for I
 honestly believe that it saved my life sixteen
 years ago. It was during
 expectancy and I was in a wretched
 condition of health, so that
 the doctor feared the
 outcome. My health
 improved from the first
 few doses of the 'Favor-
 ite Prescription' and in six weeks afterwards
 I became a mother and I was so well
 and strong that I was able to do my own house-
 work right up to the last. I cannot praise
 'Favorite Prescription' too highly, it is all
 that a woman could desire as a tonic during
 expectancy."—MRS. IDA SHEPARD,
 720 W. Chestnut St.

Dr. Pierce's Favorite Prescription is a
 medicine that is especially to build up
 women's strength and to cure women's
 ailments—an invigorating, restorative tonic,
 soothing cordial and bracing nerve; purely
 vegetable, non-alcoholic, and perfectly
 harmless.

**A Case of
 Malaria**

Frankfort, Ky.—"Some years ago I had
 quite a severe case of malaria and could not
 seem to regain my strength until I took Dr.
 Pierce's Golden Medical Discovery. It
 proved to be wonderfully effective in re-
 moving the malaria from my system and
 my health came back quickly. I afterwards
 took Dr. Pierce's Favorite Prescription for
 inward trouble and bearing sensations and it
 cured me. I know, for I have had no sign
 of the trouble since. Neither have I had the
 slightest indication of malaria since I took
 the 'Golden Medical Discovery'. These are
 wonderful home remedies and it is a great
 pleasure to me to recommend them."—
 MRS. ANORA HOWARD, 708 Hoge Ave.

GIRDLER NEWS

A large crowd attended church at
 Locust Grove Sunday.
 Hattie Bailey, little daughter of
 John Bailey, is very low with flu.
 Alfred Harkins, who has been on
 the sick list for some time, is not
 doing well.
 Matt Bolton bought a mule last
 week paying \$225 for it.
 Mrs. Joe Jackson and Miss Esther
 Hammons, from Corbin, visited
 their father, Grant Hammons, on
 Calles Creek last week.
 Charlie Carty purchased a mule
 last week paying \$200 for it. Sure
 some high.
 Misses Lola and Vernon Stacy,
 Gracie Jones, Bertha and Viola Cal-
 lebs took dinner with Miss Effie Ep-
 person Sunday.
 James C. Warren went to town
 Saturday.
 Willie Burnett returned home on
 Saturday from Virginia where he
 has been at work.
 Mack Burnett went to town Sat-
 urday.
 I noticed that one of the corres-
 pondents is needing some help with
 his churning. If he will come up to
 Girdler and call on the patent churn
 agent and get a churn it will put an
 end to his troubles.
 Lewis Calles and Cecil Hammons
 returned home from the oil fields.
 RED BIRD.

W. C. (Bill) Hughes, our young
 wireless expert, now has two poles
 72 feet high, so placed that with
 the 13,200 volts he gets from the
 Electric Light Company, he can com-
 municate with any wireless station
 in the United States. Bill is some
 boy and may some day make Mar-
 con's look to his laurels. It isn't
 every fellow who can not only fix
 up a wireless outfit, but send and re-
 ceive thirty words a minute. Stay
 with it, Bill.

SILVER TEA

The Ladies Aid of the Methodist
 Episcopal Church will give a "Sil-
 ver Tea" at the home of Governor
 James D. Black on April 3rd. No
 admittance will be charged at the
 door but a free silver offering from
 one dime up will be accepted. Pro-
 ceeds will be used for repairs on
 Church and Parsonage. The public
 is most cordially invited to attend.
 Please watch for the appearance
 of "The White Elephant."

KING NEWS

Evert Sharp, J. C. Prichard and
 G. D. McNeil were in Barbourville
 Saturday.
 Mr. Sharp joined the family of
 Advocate readers by subscribing for
 his County paper.
 G. M. Magkey entertained quite a
 number of young and old people
 with his gramophone Sunday evening.
 John McNeil has left Union Col-
 lege to spend a few days with home
 folks before going west.
 Mrs. G. D. McNeil was somewhat
 surprised Monday morning when she
 went out to milk and saw two fine
 red heifer calves chasing around in
 the barn.
 The Cumberland River Telephone
 line that was broken by a falling
 tree has been tied back but is not
 in good order yet from some cause
 and if it can be fixed it will please
 the women (and men) who seem to
 find the phone a great satisfaction.
 J. M. McNeil, who is at South
 Ste Marie, Ont., Canada, is called
 back to the U. S. Navy July 1st.
 John Hall, of King but now in the
 State of Indiana, has been called
 back to the Navy Training School at
 Great Lakes July 1st.
 Mrs. Dan Logan and Mrs. W. R.
 Vaughn are on the sick list.
 The family of H. M. Prichard is
 improving nicely from the flu.
 W. T. and Orange Prichard Sat-
 urday bought three fine red hogs on
 Stinking Creek.
 A. A. Partin has bought a fine
 jersey cow. It is reported he is go-
 ing into the dairy business in con-
 nection with his chicken ranch. We
 wish him success.
 Tom Pope visited Roscoe Monhol-
 len Sunday.
 Mrs. Cordelia Shelton visited Mrs.
 Ella Elliott Tuesday evening.
 Sam Loftice and Perry Rose made
 a business trip to King Saturday.

**CAWN RESIDENCE
 DAMAGED BY FIRE**

Fire broke out in the Cawn resi-
 dence on Main Street Wednesday
 about 3:30 p. m. which did consid-
 erable damage. This is the home
 until recently occupied by Judge B.
 B. Golden.
 The fire was caused by the flame
 from a gasoline blowpipe which was
 being used for soldering the water-
 pipes. This flame was sucked
 against the wall where a portion of
 the wallboard had been taken off
 so that the water pipe could be got
 at. Mr. Golden was under the house
 and quickly discovered the trouble
 but the water had been cut off.
 Meantime, Jim Nolan, colored,
 showed he had a head on him by
 bringing a bucket of water which ex-
 tinguished the flame below but the
 fire had already reached the ceiling.
 The fire-boys were quickly on the
 ground and put out the fire. The
 great danger is that the pretty hard
 wood floor may be ruined by the
 moisture, but as it is waxed it
 is hoped that such will not be the
 case.
 The greatest damage is to the
 back roof and to the beaver-board
 of the house generally. Mr. Cawn
 had insured the house since he pur-
 chased it.

SHERIFF'S SALE

By virtue of execution No. 2341,
 to me directed, which issued from
 the office of the Clerk of Knox Cir-
 cuit Court, in favor of W. D. Gard-
 ner, against the Cumberland R. R.
 Co., I will on Monday the 5th day
 of April, 1920, at the Court House
 door in the City of Barbourville,
 Knox County, Kentucky, expose for
 Public Sale to the highest and best
 bidder, one Passenger Locomotive
 Engine No. 11, and 281, and tender
 therewith, and one Passenger Car
 —Car No. 735— and one Baggage
 Car, No. 548, and 100 foot of Right
 of Way of the Cumberland R. R.
 Co.;— Beginning at Artemus, Knox
 County, Kentucky, and thence a
 strip 100 feet wide, being 50 feet
 from the center line of the Cum-
 berland Railroad Company's track
 and to the County Line, levied up-
 on as the property of the Cumber-
 land Railroad Company; Said Per-
 sonal Property will be sold first,
 and said land, or a sufficiency there-
 of will be sold to satisfy said execu-
 tion, and the cost thereon to the
 highest bidder and on a credit of
 Three months from the day of sale,
 and the purchaser will give bond
 with approved security, to have the
 force and effect of a judgment, on
 which execution issue if the sum is
 unpaid at maturity, when and where
 due allowance will be given me.
 The amount to be raised is the sum
 of \$2,000.00, with 6% interest
 from the 22nd day of April, 1919,
 until paid, and the further sum of
 \$191.90 cost.
 Given under my hand this the
 25th day of March, 1920.
 Read P. Black, Sheriff of Knox
 County, Kentucky.
 By Reed Hughes, D. S. 21-31

BOND SALE

The sale of \$10,000 School Bonds
 to be sold to the highest and best
 bidder. Bids will be received in
 the Secretary's office up to and in-
 cluding April 24th, 1920. The
 Board reserves the right to reject
 any or all bids.
 F. W. SCENT, Secretary. 20-54

SUDAN GRASS PROVES MOST VALUABLE CROP

Interesting Tests Made at Kansas State College.

Not Only Good as Other Pastures, But Is Equal to a Silage, Grain and Alfalfa Hay Ration—Cows Held Up Milk Yield.

Sudan grass, when used for pasturing stock, is not only as good as other pastures, but is equal to a silage, grain and alfalfa hay ration, according to an experiment carried on by the Kansas State Agricultural college during the past summer.

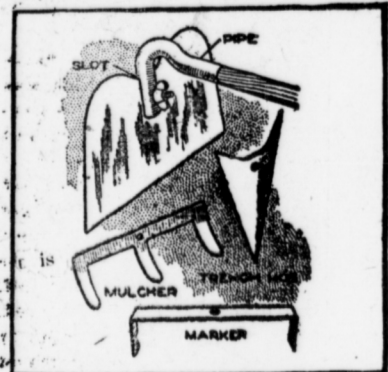

Six grade Holstein cows were put on four acres of Sudan grass, July 1, and were not taken off until October 10. The cows used in this experiment were taken off of a ration of silage, grain and alfalfa hay, when they were placed on the Sudan grass. After they were on the pasture they were fed only a grain ration of corn, bran, and linseed meal in proportion to their milk production. These cows held up in their milk production throughout the summer.

The greatest significance of this experiment is that Sudan grass will supply pasture during the hot summer months when other pastures fail, and that cows on this pasture will yield as well as those being fed a regular ration of silage, grain, and alfalfa hay.

COMBINATION TOOL IS HANDY

Blades Made to Fit Handle of Hoe for Performing Various Tasks Around Any Garden.

When one gardener had the misfortune to break his hoe just back of the blade, the ingenious way in which he repaired it made it into a tool more

Useful Combination Tool.

useful than before. He bent a piece of pipe to the shape shown, fastened the handle firmly with a pin, drilled another hole, sawed a slot, and fastened the blade with a bolt and wing nut. Blades were then made in various shapes, any one of which could be fastened in the same slot in the piece of pipe. Thus one tool did the work of three or four.—Elmer O. Tetzlaff, Cicero, Ill., in Popular Mechanics Magazine.

SHELTER SWINE IN WINTER

It is Essential That Young Porkers Be Provided With Well Ventilated, Dry Quarters.

Pregnant sows in summer can be turned on tender, succulent pasture without grain. About three weeks before farrowing they should receive a ration of rolled barley or wheat nine parts and tankage one part, or three pounds of skim milk to one pound of the above grains. This method of feeding will insure strong, lusty, active, new-born pigs. It is very essential that fall pigs be provided with dry and well protected shelter during the winter, and kept free of lice.

ATTEND TO NEEDED REPAIRS

Don't Wait Until Tractor Has Stopped Before Making Investigation of Engine.

Attend to needed repairs immediately. Don't wait till something goes to smash on your tractor before stopping. Such a course means money lost for additional repairs and for extra time lost. It is the novice that will run when he thinks his engine needs repairing. The good operator will stop as soon as he thinks all is not as it should be.

KEEP BUSY ON STORMY DAYS

Splendid Opportunity for Making Necessary Supply of Flats and Plant Boxes.

It is difficult to get too many flats or plant boxes on hand. Stormy days can be used to advantage in making a supply. Use sound lumber and make them uniform in size and shape, so there will be no loss of space in the frames and on the greenhouse bench.

MAKE PROFIT RAISING HOGS

Necessary That Pigs Be Given Best of Attention and Feed to Make Business Pay.

A pig is responsive to good care and feed. Under the present economic conditions it is necessary that the pig be given the best care and the right kind of feed in order to make hog raising a real paying proposition.

White Teeth, Healthy Gums, and a Clean Mouth

PEOPLE who use Klenzo Dental Creme regularly, tell us that it keeps their teeth white—their gums firm—and their mouths healthy, clean, and comfortable, with that Cool, Clean, Klenzo Feeling.

And Klenzo is a safe dentifrice, approved by the dental profession because it does all that any dentifrice ought to do. Try it.

PEPTO-MANGAN FOR "SPRING FEVER"

Spring Days Are Treacherous—Germs Don't Disappear with Cold Weather

AND BLOOD IS SLUGGISH AND WEAK

Don't Take Chances if You Feel Bad. Enrich Your Blood With Pepto-Mangan

There is a great deal of serious sickness in the Spring.

And it is easy to see why. Long weeks pent up in doors, too little exercise and fresh air, winter sicknesses not entirely over with, a generally lowered vitality. Blood weak and sluggish. Then come fine Spring days—that are not as warm as they seem; or sudden changes in the weather, and you haven't taken proper precautions.

Vigorous, red-blooded people do not often get sick. If you're not feeling your best, get Pepto-Mangan of your druggist and take it to build up your blood. This effective and agreeable tonic has been tested for over thirty years, and physicians everywhere recommend it for run-down, pale and anemic people.

The whole family should take Pepto-Mangan—it is good health insurance. Besides, what a joy it is to feel fit and fine—ready for anything. To have an abundance of energy and enthusiasm!

Pepto-Mangan is for sale at your druggist's, in both liquid and tablet form. There is no difference in medicinal value. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.—Advertisement.

Watch the home "ads" in the Advocate and buy at home.

NOTICE

Hickory Logs Hauled By Duplex Trucks

If you have Hickory Logs accessible to the graded roads, write or come to see us. We expect to open log yards at various points over the County, and haul the logs from these yards to our factory at Barbourville by truck. You can deliver logs to these log yards, we will measure and pay for them there, saving you the long, slow haul to town.

The Mountain Advocate comes to your home each week for \$1.50 a year.

PE-RU-NA Made Me a Well Man

Mr. Louis Young, 1652 Clifford St., Rochester, N. Y., writes:

"I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peru-na and I took it faithfully, and I began to feel better. My wife persuaded me to continue, and I took it for some time as directed. Now I am a well man."

Suffered thirty years with stomach trouble and hemorrhages of the bowels.

Liquid or Tablet Form

WOMEN'S STUDY CLUB

The Women's Study Club met with Mrs. R. H. Newitt on Tuesday afternoon, March 16th. Twelve members responded to roll call with musical current events. Mrs. N. H. Cobb, of Warren, Ohio, was the guest of the Club.

The business session consumed quite a lot of time as there were many committee reports to be heard and several committees to be appointed relative to the District Federation meeting which occurs April 27th.

The committee co-operating with the local post of the American Legion reported that the Club has been asked to help raise \$35.00, the quota for this county for the Marné Memorial to be presented to France by America.

The following program was presented:

Mrs. Joseph Mitchell, chairman for the day.

The Problem of Form in Music, Mrs. Marcum.

The Beauty of Melody and Rhythm Mrs. Mitchell.

America's Art Treasures.—Mural Paintings in America, Mrs. George Tinsley.

After adjournment a delicious two course luncheon was served by the hostess.

Mrs. James Golden, Secretary.

WILTON NEWS

Joe Helton and Ed Ridener visited J. M. Helton, father of J. C. Helton Sunday.

Mrs. Ella Helton visited her two sisters, Mrs. Francis and Mary Helton Sunday.

Miss Mima Campbell, J. P. Campbell and Martin Engle made a business trip to Wilton Wednesday.

Miss Maggie Proffitt made a business trip to Wilton Thursday.

J. M. Proffitt and family are visiting Will Helton and Mrs. Rebecca Helton this week.

Bill Engle, who is on thirty days furlough, is visiting his uncle Wm. Helton.

Bill Engle and Clem Helton made a business trip to Wilton the other day.

W. W. Snyder, big log contractor, is on the sick list.

Two drinks of a bowl of Irish potatoes would be good for the log contractors who are awfully restless on account of the rains.

B. P. Allen, the big log contractor and Jim Helton made a business trip to Wilton Friday.

Miss Mina Campbell visited her sister Mrs. Francis Helton the other day.

Mrs. Mary Cooper and son General, were in Wilton Thursday.

Hurrah for the Mountain Advocate. Everybody ought to read it.

Miss Lizzie Mays went to H. C. McNeil's store Monday afternoon.

Born to Mr. and Mrs. J. E. Sharp twin girls, Monday afternoon.

BLUE BIRD.

DELMOS TURNER MAKES GOOD

About three or four years ago the First National Bank distributed some duce jersey hogs to the boys of the County. One of these went to Delmos Turner, son of J. H. Turner the dairyman. Since the receipt of this hog last year from J. E. Sowers, of Artemus, Delmos has distributed two hogs and had three left besides the mother.

He sold the three baby hogs to his father for \$30, but on reconsideration, decided to turn the money into one of his dad's nice jersey heifers. This is good finance and is another proof of what may be done by encouraging the boys and girls of the County in agricultural matters.

G. G. Hammoms, one of Flat Licks hustling merchants, sends \$1.50 so he may keep in touch with the County news.

ARTEMUS NEWS

Artemus has twenty-seven cases of flu.

Uncle Billy Mack continues very sick.

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomentha Is A Sure Preventive

Dr. R. M. Brame, discoverer of each nostril, Brame's Vapomentha Salve, has a Salve penetrates the pores of the skin, relieving congestion, at the same time healing vapors arise and are breathed through the mouth and nose, loosening the phlegm and causing the patient to breathe freely. Its absolute reliability is evidenced by dozens of unsolicited testimonials. Brame's Vapomentha Salve will relieve pneumonia, influenza, gripple, pleurisy, bronchitis, whooping cough, catarrh, asthma, tonsillitis, hay fever and inflammation of the skin.

Vapomentha is applied externally, and it will not stain the clothes, as other salves do. No home should ever be without it. Buy it from your druggist or direct from the Brame Drug Co., North Wilkesbarre, N. C. A small bottle costs 30c.; a much larger one, containing six times as much, \$1.20.—Adv.

WOMEN

Mrs. Paralee Frazier, Longview, Tex., said of STELLA VITAE: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for STELLA VITAE."

Mrs. J. F. Lee, Milstead, Ga., had female complaint for years. "Three bottles of STELLA VITAE cured her," she said, and added, "I am certainly thankful for this great female tonic."

Sold by your druggist upon agreement that if the first bottle fails to benefit, money will be refunded.

SHE DESPAIRED OF GETTING WELL

Was Almost A Nervous
and Physical Wreck.
Gains 10 Pounds
and Feels Fine Now

"I am just so happy over what Tanlac has done for me that I want to tell everybody I meet about it," was the enthusiastic statement made recently by Mrs. S. T. Diggs, of 810 North Twenty-second St., Richmond, Va.

"I had suffered for six years before I began taking Tanlac," continued Mrs. Diggs, "and was almost a complete nervous and physical wreck. I had headaches constantly and I was so nervous that the noise of the street car would nearly run me distracted. I had little appetite and my digestion was so bad that what I ate nauseated me. My tongue was coated and I had a bad taste in my mouth. I had awful smothering spells and would get so dizzy I would almost fall. I had rheumatism so bad in my left shoulder that I could not raise my arm and I could get but little rest at night. Many a time when morning came I felt completely worn out. I fell off in weight till I was too weak to do my house work. I was operated on but when I came home I was as bad off as ever, and grew worse till I gave up in despair."

"One day my husband brought me a bottle and I was astonished when I began to feel better after the first few doses. I continued to take it without missing a dose. Today I am on my fourth bottle and all my troubles have been completely overcome and I never have an ache or pain of any kind. I am in the very best of health, have gained ten pounds and am feeling better and stronger than I have in years. I eat everything I want, sleep fine at night and am doing all my house work. The headaches and dizzy spells are gone and all traces of rheumatism have left me. My nerves are so steady I can stand any kind of noise. Tanlac is rightly called the "Master Medicine" for it has mastered all my troubles and I consider it worth its weight in gold."

Tanlac is sold in the Cut Rate Drug Co., Barbourville, Ky. (Adv.)

ARKLE NEWS March 18

Miss Sarah Shelton is visiting Martha Peavely.

Mrs. Martha Peavely and Miss Sudie Brock visited Sude Gibson on Monday.

Mr. and Mrs. Alvin Gibson have flu.

The child of Mr. and Mrs. Clarence Hutton is very sick.

Mrs. Eliza Gibson is improving after flu.

FATS FOR ENERGY

It's all too true that many children have a dislike for animal fats, yet the same children will readily take and relish

SCOTT'S EMULSION

This choice is instinctive and is linked up with the fact that Scott's is assimilated when other forms of fat are a disturbing element. Give your boy and girl plenty of energizing and warmth-imparting Scott's Emulsion. It will build them up!

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Downe, Bloomfield, N. J., 19-23

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. Address Medical Director, 110 Swift Laboratory, Atlanta, Ga.

I have installed an up-to-date X-Ray Machine for the examination of teeth which may be causing Rheumatism, Heart Trouble, etc. A. L. Parker, Dentist, Barbourville, Kentucky. 10

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Not sold by your druggist, well be sent by mail on receipt of \$1.25. One small bottle, often cures. Send for sworn testimonials. Dr. E. W. Hall 2926 Olive St., St. Louis, Mo. Sold by druggists. —Adv. 48-52t

For Potato Onions and Sets call at Hawn's Store. 15-tf

Mrs. P. V. Cole, of Harlan, is visiting her daughter, Mrs. W. S. Hudson, on Knox St., for the week. Mr. P. V. Cole came with Mrs. Cole on Wednesday, remaining only for the day.

Letcher County failed to provide funds for a County Health Officer and as a consequence has had to call on the State Board of Health thru smallpox appearing and no health officer to prevent its spread. In this connection it is interesting to note, that whereas Dr. G. H. Albright offered his services to the Fiscal Court for \$1,200 per year, they have offered him only \$500. He has asked Messrs. T. D. Tinsley and Sawyer A. Smith to look after his interests and will go ahead with the work, putting in a claim for the same which will probably amount to between \$2,000 and \$3,000 and which will be legally collectible.

NOTICE—Many of our friends have asked why the Advocate was late last week. The reason was that the Electric Plant was out of commission thru a broken shaft. We cannot run without electric power as we do not have a gasoline engine. We wish to congratulate the Barbourville Electric Co. on its enterprise in expressing a dynamo from Pineville and supplying power by Saturday night, when we were able to run off the Advocate. When they get the double unit system installed we do not anticipate any further trouble, as they will then be able to switch from one to the other in case of breakdown. At present, all our press work has to be done at night but we feel fortunate in being able to get out our work at all.

A. C. Black, of Wilton, was over this week to see Judge J. D. Tuggle in regard to the road working this spring. The miners pay instead of working the roads, the North Jellico Coal Co. donates the use of six head of stock and the County is lending them the grader. Mr. Black says if Andy Hill, between Powder Spring and Wilton is put in shape, they will have a good road to Barbourville. It is understood that the right of way has been secured for a change of road which will eliminate the bad road at this place. The grader will be used between Lynn Campbell place and Woodbine bridge. It is refreshing to note that one section is lifting itself out of the mud by its own bootstraps.

For Rent—3 Brick Apartments, each containing 4 rooms. See T. F. Faulkner. 20-5tp

WANTED

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

Take

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the... My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over. I think... I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework. Try Cardui, today. E-76

FITS-U WINDSOR

EYEGLASSES

My prescription

The Keynote To Satisfaction

You cannot get a satisfactory pair of glasses by merely buying two lenses and a metal frame. You must have skilled service first.

Just as the architects specifications are the first essential to the erection of a building, so the formula of the optometrist figures only after measuring the defects of your eyes, is the specification by which your lenses are ground. The grinding of the lenses, the selection of the proper mounting to meet your individual needs and the final adjustment of the glasses on your face are all operations requiring highly specialized skill.

But for these operations to be of value to you, they must be based on a careful examination of your eyes. THAT IS THE KEYNOTE TO SATISFACTORY GLASSES.

Eyes examined without the use of drugs. Glasses prescribed only when examination shows their need.

J. EFFRON, O. D.

Sight Specialist

Over Cole & Hughes Store Barbourville, Ky

Mrs. Henry C. Mills, of Artemus, was in town Monday visiting friends.

Mrs. Wm. Burnside, who has been seriously ill, is happily improving.

Mrs. N. T. Arnett and Mrs. T. R. Ware, of Pineville, spent Sunday with Mrs. R. N. Cornett.

The best cigars, cigarettes and tobacco, fresh and fragrant, at the CUT RATE DRUG CO.

Mrs. D. M. Humblet and daughter, Bernice, spent the week end at Grays with relatives.

Seldon Cary, of Berea College, who is away from college on a count of eye treatment, is visiting his uncle, Dave McNeil, this week.

L. H. Sturm, formerly of the Peerless Cafe and now of Appalachia, Va. was here Sunday to see his folks. His business is doing fine.

Mrs. Nann's Detherage, Miss Ethel Detherage and Mrs. Martha Brooks, of Warren, were here shopping Tuesday.

A baby boy was born to Mr. and Mrs. Clarence Browning, of the Pineville Citizen, Tuesday. Mrs. Browning was formerly Miss Lillian Bolton and it is quite proper to salute J. P. Bolton as granddad.

Mr. Neeley Warren, about 70 years of age, died at Hixmyr March 17th, from flu. Interment was in the Frank Gamble Graveyard, Hixmyr. Several grown children survive. His wife, Mrs. Lucy Warren, is still very sick.

The death of Mrs. Daniel Ridener, whose home was between Trace Branch and Cannon occurred Friday evening and she was buried Sunday in the Trace Branch Cemetery. Deceased was a sister of Joe Patterson. A husband and several children survive.

The Mountain Advocate has oil lease blanks on hand. Can be supplied in any quantity.

Ben Lewis has returned from Mollers Barber Shop, Cincinnati, where he learned to scrape 'em close and cut hair a la tonsorial and is holding down the fort at the Moore Barber Shop Next!

The Parrott Garage have engaged the services of C. T. Archer, a graduate of the Mechanical School of Kansas City. Mr. Archer, who is a high class workman, is a cousin of J. E. Archer of the Jones Hotel. He makes a specialty of electric and battery work. The Parrott Garage is carefully selecting a trained corps of assistants to meet the growing demand for work well done and to be ready for the opening of the Dixie Highway.

On Monday night, the eve of his birthday, the friends of L. L. Richardson took possession of the home and wished him many more of them and so say all of us. The gathering engaged in bridge-whist until it was really time to go home when Mrs. Richardson served delicious refreshments including the natal cake. Mr. Richardson likes the olat of birthdays, tho, like the rest of us, he feels that once a year is often enough to register another milestone. It's a good old world.

Allen Wilson and Elsworth Henderson, colored assistants at the Tye Livery Barn, held a lively argument Tuesday. To accentuate his point, Henderson knocked Wilson down with a brick. Wilson came back with his five fingers knotted into a ball and then, disliking publicity, drew Henderson into a room and Queensberried him to a fare-you-well. After enough of this form of exercise, Wilson persuaded surgical science to stitch up the rock hewn head he carried with him.

Congressman J. M. Robison is not only gallant, he is practical. Many of his friends have received nice packets of flower seed from him recently.

The best freshest drugs and a licensed practitioner to dispense them assure the best service at THE CUT RATE DRUG CO.

Tom Carroll, small son of Mrs. Mollie Carroll, fell off the old bakery Thursday and is wearing court-plaster which Dr. Leslie Logan artistically put on his face. Tom is all boy and a good sport.

A shooting occurred in the Jarvis Store community when a dispute over rent arose between Bud Hurst and his son-in-law, Jim Hammons. It is reported that the latter fired on Hurst who is dangerously wounded, he himself being wounded in the arm as he ran making his way to the hills.

Let us repair that broken piece of jewelry or watch that is now useless until repaired. CUT RATE DRUG CO.

We are very pleased to be able to state that Mrs. Ralph Tuggle is able to sit up part of the time, following an attack of pneumonia.

Sam Cawn is back from Cincinnati and is moving into the former home of Judge B. B. Golden.

Representative Sam Bennett, of Lay, was in town Tuesday. He swears by Governor Ed P. Morrow and says he has not only got a back bone but also fine ribs. Incidentally the Governor knows no... with an axe to sharpen at the expense of the people of Kentucky Mr. Bennett says the program of Gov. Morrow which was put thru at Frankfort will mean the saving of thousands of dollars to the State and will also mean better roads and schools. Mrs. Morrow, according to Mr. Bennett, is just as kind and unaffected as the Governor and, having partaken of their hospitality, with good beefsteak and corn bread as the chief hunger killer, he ought to know. That cornbread came to Representative Bennett just when his system was crying for it.

The death of Miss Effie Baker, 21 years of age and a diligent student at B. B. L., occurred Thursday, March 18th. The funeral was held at Flat Lick Saturday, March 20th. Besides her parents two brothers survive.

A citizen of Fighting Creek was fined \$5.00 and costs Saturday for keeping a dog without a license.

Smith Carroll, son of Mrs. Mollie Carroll, leaves Tuesday for Lynchburg, Pa., where his sister has secured him a position as steel salter at \$5.00 a day. Smith is only fourteen years of age, but he, like his brother Willie, has stuck loyally by his mother who is a widow, and has helped with the support of the family. Mrs. Carroll's boys are a credit to their mother and contrast favorably with many boys who have had superior financial chances.

North Dakota has no claims to a Florida climate when winter arrives, and motor trucks find plenty of hazards in snow filled and slippery roads. The problem of daily truck service is one that puzzles even a truck owner in that state. John Keller, of Lisbon, N. D., who operates a drayage and transfer service, has solved the problem. His Good-year cord pneumatics in the last six months have traveled 5,000 miles without ever having been off the rims. Mr. Keller says that his trucks have made long distance hauls thru deep snow where it was impossible to operate on solid tires. His operating radius has been greatly increased, a saving of 29 per cent has been made on gasoline consumption and not a cent has been spent on repairs. He is a strong champion of pneumatics.

T CITIZENS IN LEGION WORK

Campaign For Kentucky's
American Legion Fund
Begins March 29

0%
AMERICAN

Supporting not only in sentiment but in word and deed the accomplishments and purposes of the American Legion, prominent business and professional men of Kentucky have banded together as a Citizens' Committee, with A. T. Hert of Louisville as chairman, and have organized a Statewide campaign to solicit funds for the support of the Legion, beginning March 29 and ending April 3.

Money realized from subscriptions, which are to come from citizens not members of the Legion, will go jointly to furthering the plans of State Headquarters and to the betterment of each local post. The amount raised will be called Kentucky's American Legion Fund.

The State has been organized by Mr. Hert into eleven congressional districts, with a chairman appointed for each district. Each district is divided by counties and each county will have its Citizens' Organization Chairman.

The district chairmen serving with Mr. Hert as State Chairman are:

- J. C. Utterback, Paducah, Ky., First District.
- James Pendleton, Owensboro, Ky., Second District.
- J. L. Harmon, Bowling Green, Ky., Third District.
- Judge J. R. Layman, Elizabethtown, Ky., Fourth District.
- Frank Buerck, Louisville, Ky., Fifth District.
- John H. Howe, Carrollton, Ky., Sixth District.
- Henry T. Duncan, Lexington, Ky., Seventh District.
- George McRoberts, Danville, Ky., Eighth District.
- Robert H. Winn, Mt. Sterling, Ky., Ninth District.
- F. W. Stowers, Pikeville, Ky., Tenth District.
- Hugh Asher, Pineville, Ky., Eleventh District.

American Legion posts have been instructed to call upon the county chairmen and offer their assistance in the detail work, but all actual solicitation will be done by those not in the Legion, according to the plans of the Committee.

Every business house and individual will be afforded an opportunity "to assist in the work of the American Legion in its efforts to combat anti-Americanism, encourage better citizenship and promote fraternalism among former service men."

In a letter to the commanders of Legion posts in the State Urie Bell, State Commander of the Legion, said:

"All the members should feel deeply grateful to this Citizens' Committee for the work that they are undertaking in your behalf and in the behalf of the American Legion. You should personally and by committee tender such services as you are able to perform and you should hold yourselves in readiness at all times to respond promptly to any call for assistance and co-operation that they may issue."

In a statement on the campaign Mr. Hert said:

"It is essentially a campaign of citizens on behalf of the Legion—not a campaign of the Legion men themselves seeking aid. Their necessities are known and their budgets have been carefully scrutinized by a group of competent men who understand the needs and are willing, in co-operation with the citizenship of the State in general, to raise the money necessary to meet the Legion's requirements."

"The Legion today stands as a bulwark against radicalism of a revolutionary character, not only in Kentucky but throughout the nation. It is a work that is unceasing in view of the situation abroad and in this country."

"The Legion is growing so rapidly that it is unable to provide for the growth of the organization itself and take care of work it is doing and has planned to do."

"The Citizens' Committee expects every loyal Kentuckian and every man who is a 100 per cent American to do his duty in this campaign."

POULTRY CLUBS IN UNIQUE RACE

Hens Pool Efforts and Assist in
Putting Boys Through Ag-
ricultural College.

REAL MONEY WAS AT STAKE

Contest Suggested by State Leader of
Connecticut, Who Had Co-Opera-
tion of Extension Specialist
of University.

(Prepared by the United States Department of Agriculture.)
Now honors are due "Biddy," the barnyard fowl, since 225 of her have pooled their efforts and are helping put three boys from Goshen, Conn., through Connecticut agricultural college. The hens, which now reside not far from the college, are doing a mighty good job too, for the boys know how to care for them. In fact, the boys' interest in college, hens as well, goes back to their membership in the Goshen Poultry club, one of two organizations that engaged in a contest intended to show what intelligent care can do in raising poultry.

Marathon Race.
It was a Marathon race, so to speak, that lasted over a year, the finish taking place last October. And it was a race for real money, \$1,000 being the prize. Strangely enough, both sides won. A net profit of \$1,000 from each group of hens in a period of one year was the goal set for each club, and both groups cleared considerably more than that amount. Eleven boys living near Goshen (including the three now tending their flocks while going to college) constituted one club, and the other, known as the West Hartford Poultry Club, was composed of boys living near Hartford. The unique contest was suggested by the State club leader of Connecticut, who had the co-operation of the poultry extension specialist of the agricultural college.

Rivalry Between Clubs.
In a sense each club was racing against time to see if its hens, which aggregated approximately 400, could be made to produce \$1,000 profit in a year. Naturally also there was rivalry between the two clubs to see which would make the biggest showing. Both clubs held monthly meetings at which each boy reported regarding his flock—the number of hens, the number of eggs laid, the amount of scratch feed and dry mash used. More than one boy received kindly but pointed criticism of his methods when reports showed poor egg production. At the close of the club year the West Hartford club had made a profit of \$3,922 a hen, while the Goshen club did even

Three Boys of Goshen, Conn., Poultry Club Who are Paying Their Way Through State by Caring for Their Own Poultry at the College. From Left to Right, Facing the Picture are: Gary Miles, President of Goshen Club; Clarence Vail, Sherman Ives.

better, with a profit of \$4 a bird. Thus each club surpassed its goal by a wide margin.

Inspired by this success, the three Goshen boys have gone to college, taking their hens with them. The birds, all of which were raised last summer by club members, have been true to their trust, laying eggs more prized than the golden variety laid by the legendary goose.

MARKETING IS BIG PROBLEM

High Prices Must Remain Until Farmer
Is Able to Sell Produce at
Less Expense.

Marketing is still the greatest problem farmers have to solve. Until farmers can sell at less expense and to better advantage, city consumers will continue to complain at the cost of living. The wasted labor, the wasted products and the extortionate cost of handling farm products are draining the farms and costing city laborers their hard earnings to live.

THOROUGHLY WASH UTENSILS

Receptacles of Any Kind That Have
Contained Milk Should Be Cleaned
Immediately.

The sooner the utensils that have contained milk or been in contact with it are washed the easier the job will be, the more thoroughly it can be done, and the utensils, if of iron or tin, will last longer.

UNION COLLEGE NOTES

The conference held in Louisville under the auspices of the inter-Church World Movement was attended by President Franklin, W. G. Butler, A. H. Guyn, J. T. Rugles and W. D. Archibald.

Are you full of "pep?" If not get your capacity at once. For this reason, Monday afternoon Union had her first tryout in baseball. The team is showing up the best this year it has ever been. Union will play her first game here April 2nd, with T. M. U., Harrogate, Tenn.

Don't miss this game as T. M. U. has a crack team.

For the Literary program a week ago there was a debate on the question: Resolved, that the United States should require universal military training of all young men between the ages of 18 and 21 years. The affirmative was supported by Daugh Smith and Boone Smith and the negative by James Blair and Albert Humfleet. The negative won unanimously. On last Wednesday a Patriotic Program was given.

Earl Mayhew, U. C. Class of '13, spent a period with the Juniors in English last week. Mr. Mayhew is an enthusiastic leader in the Extension work of the State Department of Agriculture.

Henry Payne, one of our former students, was with us for a few days last week.

Mrs. Lewis, of Winchester, Ky. spent the week end with her sister Miss Florence Campbell. She gave a very inspiring talk in chapel Saturday morning.

We are glad to report that the number of sick is very much less this week than last.

OIL NEWS

J. A. McDermott is back from Lexington and will start a well soon on the Valentine farm on Richland Creek. This will be an offset to the Georgia Development which is now pumping eight barrels.

The Georgia Development Co., the Wymond Oil Co., and the Bingham Oil Co. each ran a tank of oil from their wells last week. These wells are on Richland.

J. L. Strite and associates, of Nashville, Tenn., are here to develop their property near Cannon.

The Knox County Oil and Gas Co. composed of business men of Columbia, Tenn. with Mr. Frank Ament, Secretary of State of Tennessee, and president of the company, have contracted with D. W. Jackson for a well on Long Branch, just above Cannon.

L. B. Bernheim has casing on the ground to begin drilling Hignite No.

3, and will spud in the first of the week. He has recovered the tools lost in No. 2.

Associated Producers are now down 2,500 feet and the next 200 feet should bring them to the Irvine sands. Nothing was encountered in the Big Injun sands.

Ballard Brothers are 500 ft down wildcatting near Wofford station, just across the Knox County line in Whitley County.

Ohio Cities Gas Co. have shipped machinery to Clay County for a deep test on Raders Creek.

Stomach Out Of Order? Try NR

Nothing Better to Straighten You Out
After Eating Too Much. Tones
Liver, Regulates Bowels. Acts
Pleasantly. Guaranteed.

Many people eat too much every day and most eat much too much some days. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation.

With a little thoughtfulness and care, however, a great amount of this distress could be avoided and you'll never realize how true this is until you become one of the several million people of this country who keep a box of Nature's Remedy (NR Tablets) constantly on hand and use it whenever indigestion, biliousness or constipation threatens.

Unlike laxative purges, cathartics, such as oil, calomel, etc., which merely force bowel action, Nature's Remedy exerts a beneficial influence upon the entire digestive and eliminative system—the stomach, liver, bowels and even the kidneys. Its purpose is to promote vigorous and harmonious action of all the organs that handle the food and body waste.

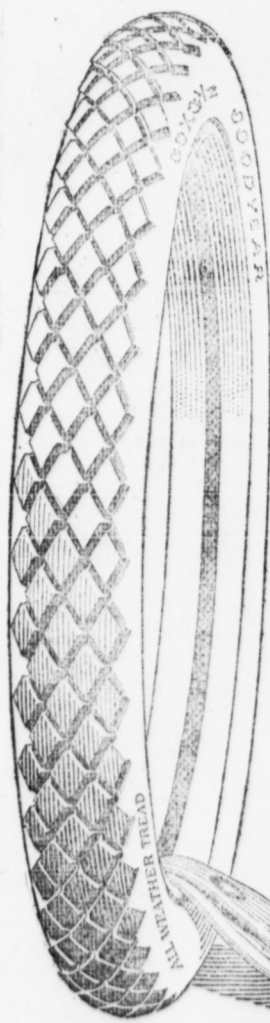

That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action while prompt and thorough, is as mild and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and health such as no laxative pill or cathartic ever produced for anyone.

Get a 25c box of Nature's Remedy (NR Tablets) and try it. There is no risk in doing so, for it must give you greater relief and benefit than any liver or bowel medicine you ever used or money back instantly. It is sold, guaranteed and recommended by your druggist.

The World's Largest Production of Tires on the Smaller Cars Alone

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure \$23.50
Fabric, All-Weather Tread.

30x3½ Goodyear Single-Cure \$21.50
Fabric, Anti-Skid Tread.

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water—\$4.50 proof bag.

GOODYEAR
